

What is a Bite Size Briefing?

EXPAT ACADEMY is the UK's leading Global Mobility training and networking organisation

As a member of **Expat Academy** you and your team will be invited to attend our inspiring series of technical **Bite Size Briefings**, where you will receive updates on all that is changing, challenging and new in the world of Global Mobility.

If you haven't been to one before you may be wondering what you'll learn at the Briefings, who will be attending and how the day is run.

What is a Bite Size Briefing?

A '**members only**' training day for the Expat Academy community. Listen and learn about the latest trends, technical updates and industry insights from the Expat Academy team and their technical training partners.

The main aim of the day is to provide intellectually challenging content which will enhance your professional development and maintain your specialist Global Mobility knowledge.

Who will attend?

Our members are in-house Global Mobility professionals representing all types of industry groups and programme sizes with assignee populations ranging from a handful up to thousands. Their experience also varies from those reasonably new to the industry to those who have many a story to share! We cater for and welcome everyone! Our Training Partners are also invited to attend and they provide the technical and topical updates throughout the day.

What is a Bite Size Briefing?

What is the format of the day?

On arrival we will welcome you and if it's your first event we'll introduce you to another attendee so you can take a seat together. The room is set up theatre style with lots of specific presentations throughout the day relevant to your day to day job to ensure you are kept up to date with the latest technical updates, advances and insights.

At every briefing you will continue to develop your specialist knowledge in tax, immigration and employment law. We'll also invite a couple of our other training partners to provide you with practical updates on Global Mobility trends which you can readily translate into your own world.

We encourage attendees to mix and chat during regular breaks and lunch. This is a great opportunity to build your network further and to ask any unanswered questions you may have to the experts in the room.

The day ends with networking drinks, so you have a chance to relax and get to know Expat Academy members in an informal setting over a drink or two.

"An excellent day as always – this is the one organisation where I will always try and attend the events as they are so well run. Perfect amount of information, relevant topics, excellent speakers.

Really like the targeted, technical topics. Thank you!"

Beth Griffiths, Mott Macdonald

"The Bite Size Briefings are a great opportunity to find out what's going on, what's new and share with other people what's happening in their industry.

It's the sharing part of Expat Academy that I find really valuable."

Louise Worbey, Deloitte
